

THE UNIVERSITY OF
TENNESSEE
HEALTH SCIENCES™

COLLEGE OF MEDICINE
CHATTANOOGA

Internal Medicine Residency

Program Overview

- Welcome! Our program provides a wide variety of experiences and learning opportunities that will enrich you both professionally and personally.

Some quick facts about us:

- Our college has a strong partnership of 50+ years with the region's leading academic medical center, Erlanger Health
- We have two continuity clinical sites
 - Erlanger Baroness and the VA Medical Center
 - Global health opportunities are also available to those interested
- We have a focus on education, safe, quality, and evidence-based patient care, research and scholarly activity, quality improvement, and community service
- Cohort of 33 residents (11 at each level)
- Comprehensive three-year core curriculum didactic series and board preparation
- Consistent award-winning resident participation at state, regional, and national scientific meetings
- "4 + 1" rotation scheduling which allows for protected and call-free ambulatory time
- Experience on our campus is available to our accredited Fellowships in Cardiovascular Disease, Gastroenterology, and Pulmonary Critical Care

Benefits

- Annual \$1200 non-taxable meal card
- Designated personal days through the program, 3 weeks PTO, 3 weeks sick leave annually, and paid parental leave
- Dental, health, and vision insurance
- Covered parking
- On-site child care (as available)
- Paid travel for research presentations, quality projects, and case reports

Educational Benefits and Highlights

- Structured board review sessions built into the curriculum
- Regularly scheduled case conference presentations attended by faculty
- Individualized educational opportunities with hospitalist and primary care emphasis
- Residents have the opportunity to care for a broad patient population and practice a variety of styles
- Monthly journal club and Quality Improvement and Patient Safety sessions with longitudinal didactic experiences
- Medical Knowledge Self-Assessment Program (ACP MKSAP)
- Reimbursement for professional development expenses
- Access to the UT Health Sciences and Erlanger library with over 3,000 e-journals and databases
