MESA Portal for Providers

The Mississippi Division of Medicaid's transition to a new Fiscal Agent, effective Oct. 3, 2022, includes a new Medicaid Management Information System (MMIS) and provider portal known as MESA: Medicaid Enterprise System Assistance. The goal of MESA is to enhance connections between health services systems and improve access to health information for Medicaid providers and the members they serve.

Access to the new MESA web portal is required for submitting, adjusting, and correcting claims; to access, save, or print your Remittance Advice (RA); submitting and amending prior authorization (PA) and requests; and verifying member enrollment.

The information and links on this page are designed to help providers register in the new portal and begin using it efficiently.

Click the Provider Login button below to go to the MESA login screen, and follow the MESA Tips below to navigate the portal.

What you can do in the Medicaid Portal for Providers

Through this secure and easy to use internet portal, health care providers can submit claims and inquire on the status of their claims, inquire on a patient's eligibility, upload files, and search for other providers. In addition, health care providers can use this site to locate claim forms, provider participation materials and other Medicaid information and resources.

Summary

Provider Enrollment

Thank you for your interest in becoming a provider in the Mississippi Medicaid program. You can enroll as a Mississippi Medicaid fee-for-service (FFS) provider, an ordering, referring, and prescribing (ORP) provider, as well as a managed care contracted provider in the Mississippi Coordinated Access Network (MississippiCAN) and the Children's Health Insurance Program (CHIP) network. Please note that a provider taxonomy code is required for whichever program/application type you choose.

Medicaid Fee-for-Service Providers

Medicaid Fee for Service (FFS) providers are all health care entities including physicians or other professionals, institutions, groups, and organizations that are enrolled in the Medicaid program. FFS providers must complete the full enrollment form to submit claims for reimbursement of services provided for Medicaid members. Group providers must ensure that each of their individual practitioners/providers are enrolled, and the individual providers have the same servicing address as the affiliated group. If a FFS provider submits a claim for a referred service for a Medicaid member, the NPI of the ordering, referring, or prescribing (ORP) provider of the service must be included on the claim.

Ordering, Referring, & Prescribing (ORP) Providers

Federal regulation at 42 CFR 455.410 requires the enrollment of physicians or other professionals who only order, refer or prescribe (ORP) services for Medicaid members. Physicians and other eligible practitioners, who order, refer, or prescribe items or services for Medicaid members are referred to as "ORP" providers. ORP providers will not be included in the listing to receive referrals to provide direct services to Medicaid members. Medicaid claims submitted listing an ORP provider as the billing or rendering provider will not be reimbursed. To receive payment from Medicaid for any services provided, the ORP provider must enroll as a FFS provider.

Managed Care Providers

Managed Care includes healthcare plans that are used to manage cost, utilization, and improve quality and health outcomes for their membership. This is accomplished by providing care to members and contracting with health care providers and medical facilities.

significant discount applied to the cost of these drugs makes these drugs ineligible for the Medicaid drug rebate. State Medicaid programs are mandated to ensure that rebates are not claimed on these drugs thereby preventing duplicate discounts for these drugs.

Health Resources and Services Administration (HRSA) is specifically responsible for the enforcement of covered entity compliance with the duplicate discount prohibition. More information regarding eligibility and program logistics can be found on HRSA's website at www.hrsa.gov/opa.
