

## RESIDENT SELECTION GUIDELINES

### Applicant Eligibility

#### Medical Education Requirements:

Only the following individuals will be considered as applicants in residency programs in the University of Tennessee Graduate Medical Education Program.

- Graduates of Liaison Committee on Medical Education (LCME)-approved U.S. and Canadian Medical Schools.
- Graduates of American Osteopathic Association (AOA) accredited Osteopathic Medical Schools.
- International Medical Graduates who have valid Educational Commission for Foreign Medical Graduates (ECFMG) certificates or who have completed a Fifth Pathway program provided by an LCME-accredited medical school.

To meet eligibility requirements, an international medical school's admission standards must meet or exceed those of medical schools accredited by LCME. The Tennessee Board of Medical Examiner's policy on the determination of standards for international medical schools and graduates of unapproved foreign medical schools provides a list of accrediting bodies used to determine medical school compliance. UT GME residency and fellowship programs may not accept graduates from schools that do not comply with this policy, which can be accessed online at: [https://www.tn.gov/content/dam/tn/health/documents/Foreign\\_Medical\\_School\\_Policy.pdf](https://www.tn.gov/content/dam/tn/health/documents/Foreign_Medical_School_Policy.pdf).

All new residents/fellows entering GME programs at the PGY3 or higher level must have passed USMLE Step 3 or COMLEX-USA Level 3 before beginning training at UT. The resident/fellow is responsible for providing evidence of passage of USMLE Step 3 or COMLEX-USA Level 3, via official transcript, to the Program Director and GME Office.

Any Agreement of Appointment or offer letter to begin training at the PGY3 or higher level will be contingent upon passing USMLE Step 3 or COMLEX-USA Level 3.

Accepted or matched residents and fellows who have not passed the required U.S. Medical Licensing Examinations (USMLE) or National Board of Osteopathic Medical Examiners (NBOME) exam prior to their scheduled start date do not meet eligibility requirements and will be released from their appointment. Any program that releases a resident or fellow who matched through the NRMP will be required to obtain a waiver from NRMP. The waiver must be granted before offering the position to another applicant.

Individual programs may have earlier examination deadlines or specific score requirements. The resident/fellow will be responsible for meeting individual program requirements when they differ from GME requirements.
