

ASKLEPIEION

(ə-ˈskle-pe-on)

Asklepieion is a word derived from the name of Aesculapius, the Greek god of medicine and healing. Aesculapius was honored and worshipped throughout the Greek world by persons seeking the healing powers of the physician. Temples were erected in honor of Aesculapius near healing springs or high mountains. Those who worshipped him were known as Aesculapae. Therefore, the temples in his honor were known as Aesculapions (Asklepieions).

In the ancient city of Memphis, on the Nile River, there was a temple where people went for worship and for care. In our own city of Memphis, on the Mississippi River, people come to our Asklepieion for healing and care.

The 2006-2007 school year winds down with a flurry of activity. Chancellor William F. Owen, Jr. (above left, at right) is leaving UTHSC for New Jersey after two-plus exciting years here. He is pictured accepting the Administrator of the Year Award at last year's SGAEC/Faculty Senate Awards banquet. Dr. Hershel "Pat" Wall (center) is the new Interim Chancellor leaving behind, at least temporarily, his long career in the College of Medicine. Chief of Staff Ken Brown, has accepted the additional responsibility of Interim Executive Vice Chancellor to help keep the wheels rolling as the university conducts its search for a permanent Chancellor.

Dr. James J. Neutens (right) was recently appointed Dean for the Graduate School of Medicine, Knoxville. Making the appointment was Dr. Steve Schwab, Executive Dean of the College of Medicine. Dr. Schwab is taking over Dr. Wall's position as Interim Dean of the College of Medicine, Memphis, while Dr. Wall concentrates on the Chancellorship. One of Dr. Owen's major initiatives was the establishment of the Executive Dean system for the College of Medicine. Dr. Owen has also emphasized the state-wide nature of UTHSC.

In Memorium

The fragile hold of civilization was apparent on April 16, 2007 at Virginia Tech University as a student gunman murdered 32 students and faculty members before taking his own life. Our thoughts and prayers are with the families of the victims.

Consistent, attractive signage was a helpful addition to the campus this year. Not only were buildings identified but the University itself was defined.

These Pharmacy students find a welcome retreat on the 3rd floor of the SAC to do what students have done since schools began - prepare for finals.

Frank A. DiBianca, PhD, stepped down as Dean of the College of Health Science Engineering to focus on his research and teaching duties as the Children's Foundation of Memphis Chair of Excellence in Biomedical Engineering. The college was then realigned as the Department of Biomedical Engineering and Imaging within the UTHSC College of Medicine.

Cold drinks were the order of the day last May as a power outage left the Coliseum with little or no AC when it hosted a UTHSC graduation, ostensibly for the last time. The city has closed (and briefly reopened) the Coliseum as part of its evolving plans for the Fairgrounds complex. Thus a new home is in order. The Cannon Center which does a nice job for the December graduation is simply too small for the May festivities. This year's graduation will be a first - held at the FedExForum on Beale Street.

- Redbirds Night in April

The council has also approved the purchase of items for the Library, SASS, and Campus Recreation

Bonding

This Council went on a team building retreat to Tumbling Shoals, Ark., in Sept. (At left, from left) April Cheung, C.J. Holmes and Rebecca Glatt pose at the completion of the skills course. (Middle) April has climbed to the top of the platform and taken the leap of faith. (Above right) She is being lowered to the ground by her teammates. (At right) Bonding is tiring business.

Representin'

(Top, from left) Lisa Emerson, Chancellor William F. Owen, Jr. and April Cheung represented UTHSC in Nashville during UT day on the hill. (Bottom) Chancellor Owen made regular visit to SGAEC meetings to hear student views. Here he listens as Carol White, Pharmacy alternate, makes a point as Tiffany Baldi and Ryan Harry listen in. SGAEC Advisor Dr. Cheryl Scheid is partially visible behind Ms. White.

Ex-Officio

The Black Student Association's President has joined the SGAEC as an ex-officio member. This year's President, C.J. Holmes is a 2nd year Dentistry student. Here he poses with his research poster as part of the Hinman Student Research Symposium. Moving along, C.J. next competed in New Orleans.

Student Life

Dr. Cheryl Scheid, center, has proven to be a very hands-on Vice Chancellor for Academic, Faculty and Student Affairs. Here she instructs SGAEC President April Cheung, left, and Emily Barnes of the Office of Student Life and Student Affairs on the finer points of building an ice cream sundae.

05-06 SGAEC President, Kirk Hevener, is all smiles last April following the ceremonies opening the new student lounge in the SAC. Kirk's leadership was one of the main factors in the students getting a new lounge.

C.J. Holmes recites his poetry at the BSA Talent Show in February.

Pharmac students sharpened their skills giving flu shots for the campus.

"I don't remember Dad saying it would be like this." M1s try to sort out orientation.

Kirk Hevener, Dr. Armbruster and fellow library users join in celebrating the opening of the new student break room on the 3rd floor of the library.

Campus Recreation spared no expense on a new gym floor and these intramurallers don't even bother looking at it.

This year marked the return of an old favorite. The SGAEC Entertainment Committee sponsored an Ice Cream Social called Scary Sundaes on Halloween. The event was such a success, they held another called Sweetheart Sundaes on Valentine's day.

All smiles!

The Imhotep Society

Excellence in Teaching Awards

In 1980, the Imhotep Society became an officially recognized organization on campus, for the purpose of honoring students, faculty, staff, and alumni who have significantly contributed to student life and student process at UTHSC. It was recognized that many student leaders, in performing their functions and assignments, may have sacrificed high academic accomplishments and thus did not receive recognition through those organizations which traditionally honor students for high academic achievement. While the principle objective of the Imhotep Society is to reward and recognize student leadership and service on campus, a secondary goal is to inspire students to continue leadership and service roles as alumni of the University.

05-06 Imhotep Inductees: Dr. Phillip K. Smith	Kristen Francis Beavers Matthew Carlisle Kenneth C. Dyer IV Ryan Warner Harry Thomas John Heeren Hugh Douglas Holliday Jr. L.G. The Imhotep Award is presented by the SGAEC to a UTHSC staff or faculty member for dedication and service to students. The award is not necessarily given every year. The 05-06 recipient, presented by SGAEC President Kirk Hevener, is Kathy Gibbs, SASS Director.

Each year the Student Government Association Executive Council (SGAEC) presents its Excellence in Teaching Awards at the Spring Banquet.

Instructors are nominated for the award by the students of the various colleges. Winners are then selected by the college student governments. Each college can select two winners except Social Work which selects one. The winners receive recognition at the banquet, a plaque and a \$2500 stipend. Instructors may not win two years in a row. The SGAEC representative from the relevant college presents the award.

Pictured receiving their awards are (clockwise from upper left) are Surya Shah, Ph.D., Allied Health; James B. Lewis, M.D., Medicine; Joanna Q. Hudson, Pharm.D., Pharmacy; Lois Bolden, Nursing; and Richard E. Lee, Ph.D., Graduate Health

Campus Recreation

The Office of Campus of Recreation is the focal point for recreational opportunities at the UTHSC. Physical activity plays a vital role in the development and maintenance of a "healthy, well-adjusted" individual. Our diverse programs in Fitness & Wellness, Instructional Programs, and Intramural Sports helps us provide participants with life long activities to help individuals in their quest to enjoy life to its fullest.

Instructional Programs

The Instructional Program of Campus Recreation provides opportunities for students, faculty, and staff to participate in common activities around the world. Our goal is to provide an enjoyable and worthwhile experience with indoor activities. These skills can be transferred to our personal lives giving you the ability to dance, overcome fears, and become more active in a variety of activities.

Campus Recreation

Intramural Sports Just Have Fun!

The mission of the Intramural Sports Program is to provide our students, faculty, staff, and their spouses, with a variety of recreational opportunities in team, dual, and individual sports. The program exists to help students relieve stress, interact with students from other classes, get exercise, and introduce students to lifetime recreational activities.

Fitness & Wellness

The Fitness and Wellness Program of Campus Recreation offers many opportunities to enhance your personal health and wellness. Programs are designed to assist you in a variety of wellness-related topics including healthy eating, cardiovascular exercise, strength training, weight, stress, time management, and personal health issues.

The Health Science Center aims to improve human health through education, research, clinical care and public service. The UT Health Science Center campuses include colleges of Allied Health Sciences, Dentistry, Graduate Health Sciences, Medicine, Nursing and Pharmacy. Patient care, professional education and research are carried out at hospitals and other clinical sites across Tennessee. Endowed professorships, Research Centers of Excellence, and continuing relationships with research and healthcare facilities across Tennessee ensure that both basic science and applied research stay focused on contemporary health topics.

ASDA

American Student Dental Association

The American Student Dental Association is a national student-run organization which protects and advances the rights, interests, and welfare of students pursuing careers in dentistry. It represents students with a unified voice and provides information, education, advocacy, and services. The association introduces lifelong involvement in organized dentistry and promotes change for the betterment of the profession.

(from left to right)

Editor: Matt Carlisle
 Treasurer: Hunter McCord
 President: Ryan Harry
 President-elect: John Overton
 Secretary: Brandi Hodge (not pictured)

The College of Dentistry Student Government Association, or CoDSGA, serves as the collective voice of the students and functions as the local dental student government. It represents the dental college student body to the administration and faculty, dental profession, and the Memphis community. CoDSGA serves as a forum for students from each dental class to work together to promote changes for the betterment of the College.

College of Medicine Chattanooga

B.W. Ruffner, M.D.
Interim Dean

The sponsoring institution of the medical education programs based at Erlanger is the University of Tennessee College of Medicine Chattanooga a major component of the University of Tennessee College of Medicine since 1973. The College of Medicine has training sites in Memphis, Jackson, Nashville, Knoxville, and Chattanooga and sponsors a statewide Graduate Medical Education (GME) system. Due to the size of the programs and their distances from the main medical school in Memphis the Chattanooga and Knoxville sites are separately accredited to sponsor residency education by the Accreditation Council for Graduate Medical Education (ACGME). UTCOM Chattanooga is an academic center that provides medical education through its affiliation with the areas recognized leader in health care and the primary training site, Erlanger Health System. The mission is to provide quality medical education, patient care, research, and community service, emphasizing the following: resident education, medical student education, continuing medical education, patient care and quality improvement, evidence-based medicine, patient safety, scholarly activity, and community involvement.

Each year approximately 100 medical students from the main campus in Memphis and other U.S. medical schools participate in clinical clerkships and electives totaling approximately 300 student months in Chattanooga. The UTCOM Chattanooga is the sponsoring institution for a total of 10 accredited residency and fellowship program, one non-accredited fellowship, and two new programs (one fellowship and one residency) still in the application process approval. The Chattanooga GME Programs involved 148 residents and fellows for 2006-2007. The chief executive officer is the Dean, who reports directly to the Executive Dean of the UT College of Medicine, similar to the deans at the other campuses (Memphis and Knoxville). The Dean for UTCOM Chattanooga also serves as the Designated Institutional Official (DIO) for Chattanooga. Working with him to provide oversight for the medical education programs is the Graduate Medical Education Committee.

In 2006-2007, the UTCOM Chattanooga received Continued Accreditation as a sponsoring institution for Graduate Medical Education from the Accreditation Council for Graduate Medical Education. The ACGME granted the maximum accreditation cycle of five years until the next institutional site visit and acknowledges the vigorous and well-supported effort to improve effective institutional oversight of graduate medical education. The Committee commended the institution administration. All residency and fellowship programs are fully accredited by the ACGME. Highlights during the year included a visit by President George W. Bush with Erlanger administration and several faculty, as well as the re-opening of the Medical/Surgical Skills Lab.

Visit the UTCOM Chattanooga website for more information: www.utcomchatt.org.

HONOR MEDICAL SOCIETY

Beta Chapter

THE UNIVERSITY OF TENNESSEE

Alpha Omega Alpha is the only national honor society in the world. Its reason for being can be expressed in a phrase: to recognize and perpetuate excellence in the medical profession. As stated in the society's constitution, "Alpha Omega Alpha is organized for educational purposes exclusively and not for profit, and its aims shall be the promotion of scholarship and research in medical schools, the encouragement of a high standard of character and conduct among medical students and graduates, and the recognition of high attainment in medical science, practice, and related fields." AOA elects outstanding medical students, graduates, alumni, faculty, and honorary members to its ranks. The society's key is designed after the Manubrium Sterni. The letters AΩA, engraved on the key, represent not only the name of the honor society, but the essential words in its motto:

ΑΞΙΟΣ ὠφελεῖν τοὺς ὑλοῦντας

"To be worthy to serve the suffering"

Classmates enjoying each others' company at an after hours, late night spot...always trouble when Kia's involved.

Jessica and Dawn hang out with Will and Avi down in Eval (top left). Satyam, Amy and Philip make up a diverse team (top right)

Whether hanging out with pals (Jace and JG, Patrick and Lucy above), snoozing through class (Rob), throwing back a cold one (Andrew), stealing a kiss on the sly (Nathan and Megan), or just hanging out--it's all smiles from the Class of 2008!

This past year also marked our entrance into the clinics, a most welcome relief from the GEB! Seth, Andrea, Alejandro, and Genti at L & D. (<-) Andrea, Manika, Dawn, Erin, Dr. Edwards, Aditya, and Rob getting their psychiatry on at The Med.

Halloween is a time when the class gets out and really does it up! Mridula, Tamika, and Leandra can't keep those smiles in (above) Andy and Patrick dress up as "The Ambiguously Gay Duo" (top left). We were also graced with the presence of Flav-a-flav (Matt and Grace) at this year's party (left). Mona and Aditya keep it cultural as Jasmine and Alladin (bottom left) Kerry, Tamika, Walshie, Liz, Chesser, Andrea, Ashley, Katie, Erin, and Alli are all decked out for a night out. Cina and Nikki, crazy as always, are an ostrich and Flamingo dancer (Near right). Last but not least are Sam and his fiance as Brittany and Kevin (far right).

Happy Halloween!

The University of Tennessee College of Pharmacy promotes academic excellence and leadership among its students. There are two national honor societies that recognize those students who excel in these areas. Rho Chi sponsors an annual book sale, study skills workshop, and provides tutoring. Phi Lambda Sigma actively participates in interview days and Pharmacy Weekend.

Congratulations UT ASP: 2007 National Chapter of the Year!

Congratulations Brent Reed: National APhA ASP President-Elect

Congrats Leslie Hamilton: APhA Foundation Scholarship Recipient

The American Pharmacists Association Academy of Student Pharmacists (APhA-ASP) strives to be the student voice in advancing the profession. As the largest student organization on campus, ASP provides the community with free health services while equipping student pharmacists with the clinical skills they need to succeed in the evolving profession of pharmacy.

With 16 different committees, APhA-ASP provides students with a variety of opportunities to lead and serve. In addition, APhA-ASP offers several trips, where UT students can meet other pharmacy students from around the nation. Additionally, ASP holds a number of other fun events throughout the year, including bowling tournaments, picnics, and the APhA-ASP Banquet and Casino Night.

Membership in APhA-ASP not only means being a member of the student chapter at UT, but it also includes membership in the Tennessee Pharmacists Association (TPA), and the local Memphis Area Pharmacists Society (MAPS). Being a member of APhA-ASP provides student pharmacists opportunities to grow as leaders and sharpen their clinical skills while supplying the tools and experiences to make a difference in the profession of pharmacy!
