PROFESSIONAL GOALS

Certified Registered Nurse Anesthetist

- Remain a highly motivated, encouraging, detail-oriented health care professional and team member
 - Continue to collaborate with the health care team to develop and implement individualized, evidence-based anesthesia services for each patient in a variety of healthcare settings
 - Uphold excellent communication skills as a member of the anesthesia and health care team
 - Remain a patient advocate in all circumstances
 - Provide intentional and excellent student anesthetist training at every clinical opportunity
 - As faculty at the University of Tennessee Health Science Center, educate and encourage anesthesia students
-
